

## OSM Horticultural Vinegar

Supplemental Info

### 20% Acetic Acid

Non synthetic white distilled vinegar pH >2.2

1. Made by the acetous fermentation of ethyl alcohol (made from grain) containing 20% acetic acid (200 grain food grade vinegar). Yucca Extract (food grade Yucca Schidigera), a soapy carbohydrate, has been added as a natural surfactant/penetrating agent. Available without Yucca on special order.
2. Many uses as an acidifying agent. Non synthetic vinegars are classed as a Crop Protection Tool and Production aid. Some uses include but not limited to, ph modification of water and soil. Drip irrigation line and hydroponic equipment cleaner. Clean brick/stone patios and drive ways. Liquid organic fertilizer stabilizer (via lower pH). And general cleaner/sanitizer for greenhouses, hothouses and solariums. 1:1 mix ratio with water is usually adequate. Full strength for heavy-duty jobs.
3. This product is **NOT** OMRI Listed. Non Synthetic Vinegars are allowed per the OMRI Generic Materials manual. Consult your certifying agent for permitted uses.
4. Acetic Acids of 8% or less when characterized as an inert ingredient are exempt from registration by the EPA as a pesticide under EPA "Minimum Risk Pesticide" FIFRA 25B, List 4A. Thus this product( at 20% acidity) is **not** to be labeled, marketed or characterized in any way as having any herbicidal virtues.
5. Use caution (rubber gloves and goggles) when handling.
6. Use on calm days to prevent drift.
7. Rinse equipment ( metal) and area( masonry) sprayed to prevent etching
